## WHAT IS FortCare?

FortCare is a Preferred Provider Organization (PPO). Since 1989, FortCare has helped employers improve their bottom line with cost-effective healthcare services for employees and their families. Just as important, Fort HealthCare has delivered consistent, quality care through a network of providers with the medical professionals of Fort HealthCare at its core.

Self-insured or fully insured employers in and around Jefferson County wishing to reduce their healthcare costs and improve their bottom line should consider contracting for reduced fee-for-service medical care with FortCare. Our comprehensive network of primary care, specialty care and tertiary care medical providers can deliver your insured exceptional care whenever it is needed.

### *The Best in Provider Discounts*

FortCare members annually see bottom-line health care savings in excess of 20 percent, and the employer and their employees realize every dollar of these savings. These are real dollars available to employers to enhance profitability. FortCare does not keep any savings as administrative or service fees. FortCare members receive:

- Discounts with **Fort HealthCare Business Health**, the occupational medicine program of Fort HealthCare.
- Discounts for treatment with gambling, alcohol, drug, depression, and anger management through **Fort HealthCare Behavioral Health Center**.
- Fifty percent discount on health-related classes offered by the **Fort HealthCare Community Health & Wellness** department.

### *Other Benefits to FortCare Members*

The FortCare network is the most extensive provider network in Jefferson County, Cambridge, and Whitewater. The network is easy to access and easy to use.

- No referral is needed to directly access more than 70 area providers, facilities and services.
- Employees and dependents can access more than 200 specialty providers via an easy referral process.

### *Self-insured, Fully Insured or a Combination: The Network is Easy to Implement*

FortCare can help establish total, cost-effective TPA services. Employers can maintain existing broker/agent relationships.
